

Survey Introduction

The purpose of this Annual Learning Needs Assessment online survey is to find out what education you feel is needed to improve your best care practices.

Your voluntary, confidential responses will be collectively analyzed by your Nursing Professional Development Team. The results will be given to your clinic educator. The results of the survey will influence the education for your department.

Magnet Standard: SE4E0 "Nurses participate in professional development activities designed to improve their knowledge, skills, and/or practices in the work place. Professional development activities are designed to improve the professional practice of nursing or patient outcomes, or both. May include interprofessional activities."

Texas Children's Mission: to create a healthier future for children and women throughout our global community by leading in patient care, education and research.

Read each question and select the answer that best fits your needs.
This survey takes three minutes to complete.

Title:

* 1. I am a:

- ☐ Licensed Vocational Nurse (LVN)
